(Hong Kong, March 24, 2026) - The leading sportswear brand in China, **361 Degrees International Limited** ("361°" or the "Company", together with its subsidiaries, the "Group"; stock code: 1361.HK), announced its audited annual results for the year ended 31 December 2025.

Operational Highlights

- 361° advanced the deployment of its global brand resources with solid efforts, serving as the fifth consecutive official partnership with the Asian Games, and initiating a new phase of strategic cooperation with the Olympic Council of Asia.
- 361° innovated its retail model, adhering to a "consumer-centric" approach. The number of Super Premium Stores reached a cumulative total of 127, successfully achieving the milestone of 100 stores.
- 361° promoted the commercialisation of its R&D into tangible product value, and expanded into sub-segments with high potential, to build a multi-dimensional product matrix. It continued to operate proprietary events and actively explore various sports scenarios to deepen brand engagement.
- 361° leveraged the strategic synergy of top-tier star resources, launching the global debut of Nikola JOKIĆ's 2nd-generation signature shoe "JOKER2" and Aaron GORDON's 6th-generation signature shoe "AG6".
- 361° Kids consolidated its first-mover advantage in children's sportswear, and launched badminton and outdoor product series, with a view to meeting the diversified demands for sports products in the children's and teenagers' segment.

- 361° has adheres to its E-commerce exclusive product strategy and leverages E-commerce channels to expand new retail business. Leveraging Meituan Flash Buy (美团闪购), Meituan Group Buy (美团团购), Taobao Flash Sale (淘宝闪购) and JD Instant Delivery (京东秒送), 361° captures new growth business opportunities in local consumption scenarios, fostering synergy between its online and offline ecosystem.
- 361° has actively advanced its global layout. The opening of the directly-operated overseas store in Kuala Lumpur, Malaysia and the first overseas Super Premium Store in Cambodia by 361° significantly enhanced the brand's visibility in the overseas market.
- 361° has significantly bolstered its technological innovation and strategic cooperation. The Group strategically partnered with Standard Robots to boost the brand's advancement toward intelligence, and officially signed a strategic cooperation agreement with Tianjin University of Sport to foster in-depth collaboration around the "Education-Research-Industry" synergic system. 361° announced a deep cross-border cooperation with China's aerospace industry partner CLEANCOOL (康纶航天), marking official entry into the new stage of empowering sports gear with aerospace technology.
- 361° actively explored the use of stablecoin payment and settlement solutions for the Group's sales regions outside of mainland China, encompassing overseas offline stores, E-commerce sales, supply chain services, and digital ecosystem operations, helping to create greater business opportunities.
- 361° undertook responsibilities as a corporate citizen in a proactive manner, including swiftly donating supplies in response to emergencies such as the earthquake in Tibet and the fire in Tai Po, Hong Kong, to share the compassion of our brand through concrete actions.

Positioning the Global Sports Landscape, Building Multi-dimensional Growth Model

361° has strategically positioned itself within the global sports arena, consistently enhancing its brand strength and market influence. By deepening its presence in Asia and global events, the Group commenced a new phase of strategic cooperation with the Olympic Council of Asia. In recognition of its long-standing commitment, the Group was honored with the “Outstanding Contribution Award of the Asian Games” (亚运会杰出贡献奖). Building on its consecutive official partnership with the Asian Games, 361° has distinguished itself as the first sports brand to be an official partner for both the Asian Games and the Asian Winter Games. Furthermore, the brand has successfully expanded its global reach as it signed up as a global partner of the World Aquatics (2026–2029), while becoming an official supplier for the 2025 World Tennis Continental Cup (“WTCC”).

361° always leverages technology innovation as the primary driver of the Company’s continuous growth, persisting in the effort to integrate sports science and materials innovation. To date, the Group has secured 1,101 patents which provided a solid foundation through differentiation. Furthermore, the Group continued to increase

investment in professional sports such as running and basketball, in an effort to drive the upgrade of its products' functionality and technical services system. 361° has sharpened its technological edge through cross-border collaborations: it strategically partnered with Standard Robots to boost the brand's advancement toward intelligence, and officially signed a strategic cooperation agreement with Tianjin University of Sport to foster in-depth collaboration around the "Education-Research-Industry" synergistic system. Furthermore, by teaming up with CLEANCOOL (康纶航天), China's aerospace industry partner, 361° has entered a new stage of empowering sports gear with aerospace technology.

In terms of channel innovation, 361° has been actively innovating its terminal retail models to activate operational and sales efficiency. The 361° Super Premium Store has successfully built a differentiated advantage by offering consumers an immersive, one-stop shopping experience with a full-category range. During the year under review, there were a total of 127 361° Super Premium Stores globally, including 21 Kids Super Premium Stores. Notably, the first overseas Super Premium Store has grandly opened in Cambodia.

Cultivating Diverse Sports Scenarios, Expanding the Professional Product Matrix

In the running sector, 361° successively sponsored and supported professional marathon events both domestically and internationally, including the Qingdao Marathon, the Surf City Marathon, the Tangshan Marathon, and the Fuzhou Marathon. At the 2025 Qingdao Marathon, 361° elite runner Pius Karanja KIMANI claimed the men's full marathon championship, while 361° running ambassador WANG Jiahao (王佳浩) won the men's full marathon championship for Chinese nationals. At the Tangshan Marathon, brand ambassador LI Zicheng (李子成) won the men's full marathon with "Flying Flame5 FUTURE" (飞燃 5 FUTURE) with a record-breaking time. Furthermore, our racing family running shoe matrix, featuring prominently "Flying Flame5" (飞燃 5) and "Flying Flame5 FUTURE", marked its presence at the 2025 Berlin Marathon. 361° also collaborated with the globally leading specialty chemical company Evonik to showcase at the 8th China International Import Expo (CIIE), where jointly launching the "Flying Flame5" running shoes, crafted with the 2nd-generation Mass Balance Low-Carbon Environmental-friendly Technology, further showcasing the brand's professional strength at the international stage.

In the basketball sector, 361° steadily enhanced its product strength and consolidated its strategic collaborations with international basketball super stars. The brand globally launched Nikola JOKIĆ's 2nd-generation signature shoes, "JOKER2", and Aaron GORDON's 6th-generation signature shoes, "AG6", simultaneously in the United States, marking a new stage in 361°'s product strength and brand influence within the international basketball equipment sector. The 361° "BIG3 6.0" has evolved further, reinforcing the series' position as a leading performance basketball shoe IP. During the year under review, 361° joined hands with global brand ambassadors Nikola JOKIĆ and Spencer DINWIDDIE for their visits to China, while Aaron GORDON's Asian tour

expanded to Kuala Lumpur, Malaysia, for the first time, providing a strategic pivot for the Group's global business expansion.

361° has been steadily advancing the innovation and development of its proprietary event system. On top of our deep engagement in proprietary signature events such as “3#-Track” (三号赛道), “Light Up” (触地即燃), “Women's Fitness Gym” (女子健身局), “Meet Up on Skateboards” (板上见), and “Swing as One” (一拍即合), we were vigorously expanding into professional sports segments such as tennis, badminton, cycling and outdoor activities, with a view to further enhancing mass-market participation in greater depth across a broader spectrum. Notably, the “Women's Fitness Gym” offline community activities were carried out in multiple cities nationwide; the “Meet Up on Skateboards” city tour integrated traditional culture with skateboarding; and the “Swing as One” badminton city tournament pioneered the “361° Format”, serving as a key entry point for badminton enthusiasts to connect with 361° badminton products for the first time.

Targeting emerging sports segments, 361° has increased its investment in R&D and strategic resources, launching the “Lightweight Adventure Series” (轻野系列), “Energy Release” (释能) cycling wear series, and women's tennis series to broaden the brand's product boundaries in professional sports. For ONEWAY, a Finnish outdoor sports brand, the store was inspired by the immersive Nordic outdoor aesthetics to meticulously create a retail space that combines functionality and atmosphere. The brand's offerings precisely cover various outdoor scenarios such as professional skiing, hardcore outdoor exploration, and urban casual outdoor activities. As of 24 March 2026, ONEWAY has established seven offline stores in China.

Solidifying Growth Momentum in Kids' Wear, Driving E-commerce and Overseas Potential

361° Kids continued to solidify its positioning as a “Youth Sports Expert”, leveraging professional resources such as being the official partner of the China National Rope Skipping Team. The brand's professional gear empowered the team to clinch 137 medals at the 2025 World Rope Skipping Championships. In terms of event innovation, the brand launched “Light Up-Junior Basketball Game” (触地即燃·少年赛) as a standalone event segment and collaborated with Beijing Guoan F.C. (北京国安足球俱乐部) to host the “3V3 Youth Football Championship” (青少年3V3足球冠军联赛), a benchmark youth football event in China, to better connect with sports-loving children and teenagers. Furthermore, 361° Kids has further broadened its product portfolio by officially commencing the development of and launching badminton and outdoor product series, thereby offering a more comprehensive sporting gear matrix for sports products in the children and teenagers segment. The brand continues to empower its product strength through self-developed innovations, such as the SWIFT REBOUND technology (迅弹科技) and technologies for protection of the metatarsal bone. Simultaneously, 361° Kids precisely addresses the aesthetic and parenting needs of new-generation families. In terms of store image, there was a strong presence of both

Super Premium Store and the fifth-generation store, forming a multi-dimensional retail image system.

The E-commerce business has continuously bolstered its online experience differentiation, solidifying its role as a core hub for engaging consumers, conveying brand spirit, and driving performance growth. We have tapped into new retail segments by establishing an efficient instant retail network through a complete integration with Meituan Flash Buy (美团闪购), Meituan Group Buy (美团团购), Taobao Flash Sale (淘宝闪购) and JD Instant Delivery (京东秒送). Meanwhile, the Group has accelerated its global footprint, with 1,253 offline points-of-sale in the Americas, Europe, and markets along the “Belt and Road” regions. Notably, the opening of the directly-operated overseas store in Kuala Lumpur, Malaysia and the first overseas Super Premium Store in Cambodia by 361° signified a crucial breakthrough in the brand’s overseas expansion, further enhancing its visibility in the international market.

Outlook

Looking ahead to 2026, 361° will continue to deepen its brand positioning of “professional, youthful, and internationalised”, expand a more dynamic and resilient business ecosystem, inject more momentum into the high-quality development of the sports industry, and achieve more breakthroughs and value accumulation on the global stage.
